

How do students get confirmation that the IAI/GECC has been completed?

This is a list of the community colleges in Illinois with information about whether the IAI/General Education Core Curriculum is verified by each community college. A contact number for the student records office at the community college is listed to assist students get confirmation of the IAI/GECC completion.

- Some colleges confirm if the IAI/GECC has been completed with a letter or a stamp on the transcript, and they do it automatically.
- Some colleges require that students request the confirmation when they want to transfer or when they are applying for graduation with an Associate of Arts or an Associate of Science degree.
- Some community colleges leave the responsibility up to students, who need to check the catalog and use web tools to confirm that the IAI/GECC is completed.
- Some colleges haven't confirmed their practice so the student records office number is listed as a resource for students to call and find out the process for getting confirmation
